GRADERS ESTABLISH THEIR CAMP ON RIGHT-OF-WAY.
A Record reporter visited the site of the terminus of the new railroad this afternoon and found the surveyors cross-sectioning the grade ready for the contractors to begin work tomorrow morning. The contractor who will grade the first five miles of the road, has established his camp, consisting of two big tents and one smaller one, at the side of the road and is getting his teams and men ready to go to work tomorrow. There is no truth in the report that the road has been flooded by parties not in sympathy with the building of the railroad.

No Receiver Appointed.
An erroneous statement was made in the Record Saturday that a receiver had been appointed to take charge of the business of the Riverside sand pit while the ownership is being decided in court. It was left to the Hon. Stone Company to have Oliver

Pearson, as agent, to supply sand for several big contracts for buildings now going up should it be necessary to do so in order to let the buildings go ahead, in which event Mr. Pearson should keep account of the business of the pit to that extent. Otherwise the injunction against all parties stands as before. A receiver was appointed in no sense.

BROKER SUYDAM DIED OF HIS WOUNDS TODAY.
New York, Dec. 21.—Harry B. Suydam, the curb broker who was shot last Saturday by John C. Lumsden, the inventor, died in the hospital today. Lumsden is under arrest. The shooting, which was witnessed by a hundred brokers on the curb market, directly in front of Suydam's office, is said to have been the outgrowth of a dispute over the payment for stock in a company which was organized to handle one of Lumsden's inventions.

Senator to succeed Foraker. Taft declared there was no truth in the story that Roosevelt was opposed to his candidacy, and that his letter of denial of taking part in the contest should be accepted as final. He would not talk about the reported break between President-elect Taft and Congressman Burton, who is also a candidate for the senatorship.

ORDINANCE NO. 168.
An Ordinance Relating to the Water Works and Sewer System of the City of Roswell.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROSWELL:

Sec. 1.—That the control, management and supervision of the water works and sewer system of the City of Roswell be and the same hereby are vested in the water, lights and sewer committee of the City Council.

Sec. 2.—That said water, light and sewer committee be and the same is hereby authorized to employ a Superintendent and such other employees as may be necessary to operate said water works and sewer system, and to establish the rates to be charged and to collect same, and to make rules and regulations for service of said water-works and sewer system, and said Committee shall make a monthly report to the City Council showing receipts, disbursements and persons employed.

Sec. 3.—The funds received from the service of said water-works and sewer systems shall be paid by the said Committee to the City Treasurer and kept separate from the other funds of said City and shall be used only for the operation, maintenance and extending of said water-works and sewer systems or for payment of interest on the bonds issued for said water-works and sewer, and said funds shall be disbursed by the Treasurer under the rules of said Water, Light and Sewer Committee.

Sec. 4.—This ordinance shall be in force and effect from and after five days from its passage and publication.

Passed the 1st day of December, 1908.

ZINK, The Jeweler

A Nut for Someone to Crack.

Why do people who do not eat pork as meat continue to use it in the form of lard? Lard is just as indigestible as pork. In a recent article on cooking fats, Dr. Faigle Emery, the eminent specialist, writes as follows: "The healthful and economical solution of the cooking fat problem is the use of COTOLENE. Cotolene is purely a vegetable product, is easily assimilated, and aids digestion. Dietetic experiments have shown conclusively that when a vegetable oil is used in cooking in preference to animal fat, it is more easily assimilated and yields far more nourishment to the body." Cotolene is sold only in sealed pails, of special design, which keep it sweet and fresh indefinitely.
